

A COMMUNITY SPEEDWATCH GROUP

To deter speeding and to provide supporting data for further highway requests.

We have consulted with Huntingdon Police, Cambs Constabulary Community Speedwatch and other local villages.

We need local volunteers (typically to work as teams of 4 for 3 hours). Free training provided with equipment from the police.

NEIGHBOURHOOD PLAN

A plan for the parish area, including policies that inform planning decisions regarding developmental proposals.

Process usually approx. 2-3 years; involves public consultation, evidence gathering, policy writing and a local referendum.

The plan has to be driven by residents and so we need you to get involved. We can co-ordinate a guest speaker to come and talk through what's involved in more detail.

2nd goal mouth/posts at the park?

We have not had any additional comments supporting the need for this. Please can you let us know if this is something that would be welcomed and we can consider.

No cycling signs on footpath from High Street to Stocker Field?

We have investigated and established that these signs can only be installed if there is an order in place prohibiting cycling or HDC make a bylaw. Please could we have more comments of support if we are to pursue this with HDC.

Sewer covers raising up.

We are not aware of further issues since this was raised. We are happy to hear from you if there are further concerns.
